SAUMUR-FRANCE

THE ELIXIR OF LIFE, FIT FOR A KING

A harmonious blend of Combiere Liqueur d'Orange, V.S.O.P cognac and elixer Combiere, itself one of the most famous of all French elixers created in 1860, as the result of the encounter between Jean-Baptiste Combiere and famous Dr François-Vincent Raspail. Both being held captive after their acts of rebellion against the Empire of Napoleon III, the two men spent countless hours exchanging ideas and sharing recipes for esoteric liqueurs and elixers. After being released and back to the distillery, Jean-Baptiste Combiere created this exotic and complex liqueur in 1920, best enjoyed neat or in cocktails as an orange liqueur substitute for added spice.
